

Historical Files Overview

Longyear Museum's Historical Files contain primary documentation on over 170 individuals, many of whom played significant roles in the early Christian Science movement. Some of these files are extensive (highlighted), while others are minimal. Longyear also has a collection of secondary materials—some of them rare—concerning individuals not featured on this list. For inquiries about the historical files, call us at 617.278.9000, or email letters@longyear.org.

Archives
